NURSERYMEN'S SUPPLIES

PROMPT SHIPMENT

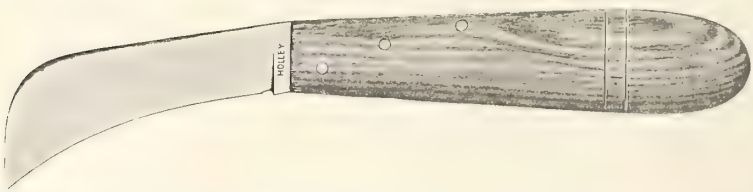
All supply orders (except printed matter) are usually shipped next train after receipt. We try to carry a complete stock at all times. Our location at Chase gives us unsurpassed facilities for quick action on rush orders—two lines of railway, ten trains per day stopping here.

ADVANCED PRICES

There is hardly an item in the whole line of nurserymen's supplies that has not advanced materially in the last twelve months. Fortunately we had contracted for a number of items early in the year of 1916 and on such items have not advanced our prices, though we could not purchase the goods today at the old price. In all instances we are naming the lowest prices we possibly can, but all prices are subject to market changes. Isn't it about time for a real advance in the prices of nursery stock?

KNIVES

Made especially for us by a manufacturer who is "fussy" about the quality of his output. Have used and handled these knives for twenty years.



C. A. G. PRUNER—Stationary handle; full length 8 inches; length of blade 3¼ inches; well balanced "hook" and easy on the operator. Handle of hardwood fastened with three rivets set diagonally. After testing out this knife in our own work all this year we have decided to offer it to the trade as the best Pruning Knife of reasonable cost that we can find. Price, 40c each; $4.15 per dozen postpaid; $4.00 per dozen by freight or express.

Notice—We have discontinued the Flat Handle Pruner for two reasons—the factory has quit its pruning hooks for shrapnel exploders—so much harder on the hands than the C. A. G.

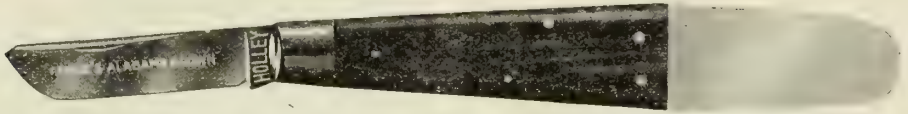
GRAFTING—C. A. G. Grafter (¾ size)—Our sales on this knife to satisfied nurserymen and florists are more than five hundred dozen. It is more knife for grafting and general use for the money, than any on the market. Makes a good serviceable pocket knife. Cocoa handle; 25c each, $3.00 per dozen, postpaid; $2.75 per dozen by freight or express.

PRUNING SHEARS—SPECIAL

We picked up at a low price a lot of re-worked or made-over Pruning Shears, this work done at odd times by an old German cutlery maker; they are not pretty, but are rugged, heavy, and will stand hard service; much like the American shears (see next page) in shape and style. Size 9 inches. Volute spring.

Price, per pair, postpaid $0.55
Price, per dozen F. O. B. here 5.00
Half dozen at dozen rate.

BUDDING—Wostenholm I-X-L Ivory Tip (¾ size)—The best budding knife we know of, and strong enough for an all-purpose knife. 85 cents each, $8.50 per dozen postpaid; $8.25 per dozen by freight or express.



BUDDING—Chase's Special Ivory Tip—A mighty good budding knife; next to the Wostenholm, it is the best ivory-tipped knife we can find; in appearance almost exactly like Wostenholm; 60c each, $6.50 per dozen, postpaid; $6.25 per dozen, by freight or express.

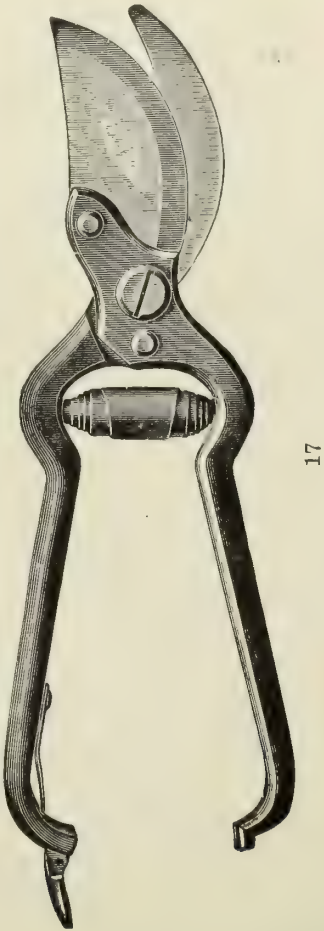
BUDDING—Stationary Budder (Blade does not fold)—Note shape, size and "hang" of blade, made for budding, but not as convient for the pocket as the others. 25 cents each, $2.50 per dozen, postpaid; $2.25 per dozen by freight or express.

WHETSTONE

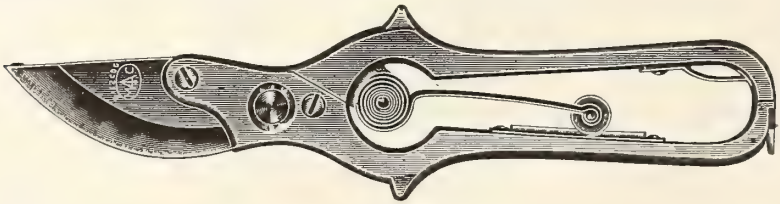
The best for budding and grafting knives. 15 cents each, postpaid.

PRUNING SHEARS

AMERICAN MAKE, 9-inch—This is a heavy, well made pruning shear, with volute steel spring. The best low priced, all around pruning shear we can find. Weight per dozen pairs, 11½ lbs. 65 cents per pair, postpaid; per dozen pairs, by freight or express, $5.75; per half dozen, $3.00; per pair, 50c.



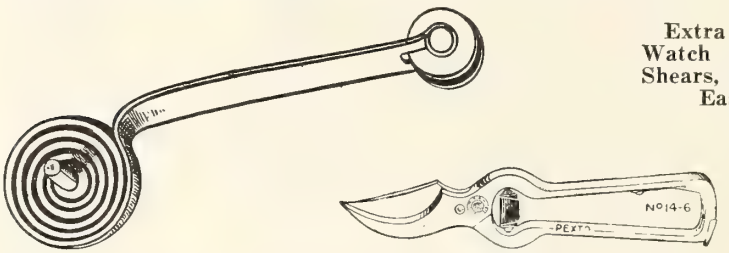
THE WATCH SPRING FRENCH SHEARS stand at the head of the list for making cuttings of all kinds. For cutting back seedlings to the bud or any heavy work the 9-inch is recommended.



WATCH SPRING, FRENCH, 9 inch—Per pair postpaid, $1.70; per dozen pairs freight or express (weight per dozen pairs, 11 lbs.), $17.00.

WATCH SPRING, FRENCH, 8 inches—Per pair postpaid, $1.35; per dozen pairs, freight or express (weight per dozen pairs, 7 lbs.), $14.50.

WATCH SPRING, FRENCH, 6 inches—Per pair postpaid, $1.00; per dozen pairs, freight or express (weight per dozen pairs, 5½ lbs.), $10.75.



Extra springs for the Watch Spring French Shears, postpaid, 20c. Easily put in place.

LADIES' ROSE AND PRUNING SHEARS, 6 inches. "Made in America" and, in our judgment, the best Ladies' Pruning Shears. Beautifully finished, shaped just right, high quality throughout. For all light work, for use around the roses, shrubs, etc., it just fills the bill.

Per pair, postpaid.....$0.75
Per dozen, freight or express..... 8.25

AMES NURSERY SPADE—D handle, double strapped full length of handle, tapered nursery spade; size of blade 12¾x7½x5½; weight, 9 pounds. $1.65 each, $18.50 per dozen.

EXTRA SPADE HANDLES—These handles are bent to fit the Ames Nursery Spades above described, and riveted. Price.....45c each; $5.00 per dozen

BOX LINING PAPER

No item of supplies shows so great an advance in price as paper. Best price we can name on the heavy fiber paper, is 8½c per pound; put up in rolls of 30, 36 and 40-inch, about one hundred pounds each. Can also supply the genuine KRAFT PAPER at 13¼c per pound, in rolls of about 50 pounds each, 30, 36 and 40-inch; while only about one-half the weight, it is fully as strong as the fiber paper and will go about twice as far, therefore cheapest.

Scrap Burlap—Sewing (Sail) Twine—Needles

BURLAP

New Burlap is still "out of sight" in price and we are using Selected Scrap. This consists of second hand wrappings from bales of dry goods, and in part of oat and grain sacks. It does not contain fertilizer sacks, little pieces or rotten stock. It is put up in bundles of about one hundred pounds each.
Price per pound F. O. B. here.....6c

CHEMICALS FOR FUMIGATING—Cyanide of Potash (Merck & Co.'s 98 per cent). In original sealed tin packages. 1 lb. cans, 70 cts.; 5 lb. cans, $3.25. Cyanide of Potash is excluded from the mails, but can be shipped by express or freight.

Sulphuric Acid. (Specific gravity, 1.83.) Large, glass-stoppered bottles, securely packed in cases ready for shipment. 10 lb. bottle, $2.50. Sulphuric Acid cannot be shipped by express, but can be shipped by freight.

RAFFIA—We use the best Raffia we can buy, regardless of its cost, because, for nurserymen's use, the best is most economical.
Price, per pound, in lots under 10 pounds.....20c
Price, per pound, in lots of 10 to 50 pounds.....17½c

CORDAGE, TWINES, ETC.—Flax Sail Twine. For sewing burlap; put up in skeins, per pound, 35 cents.

Sisal.

Two-ply Sisal Cord (breaking strength 170 pounds). For heavy express bales; on reels of about 70 pounds each, per pound 19c. We cannot sell less than a reel.

Four-Ply Wool Twine. For tying in bunches. Put up in balls of about one pound each. Packed in bales of about 130 lbs. The strongest, most uniform wool twine made. Not loaded with "dope," will run about 260 feet to pound. In bale lots, per pound, 16½c; in less than bale lots, per lb., 18½c.

THREE PLY WOOL TWINE—Same price as Four Ply but will run about 18 per cent more yardage to the pound and for tying roses and small stock is just as good. Eighteen per cent is worth saving these days.

GRAFTING THREAD—Put up in balls and packed 20 balls to the box. A box of twenty balls will wrap about 40,000 average grafts.

Price per ball unwaxed $0.08
Price per ball waxed ..... .12
Price per box 20 balls unwaxed 1.25
Price per box 20 balls waxed 1.90

(If mailed, add 2c ball unwaxed and 5c ball waxed.)

The opposite illustration shows a ball of our grafting thread with a pencil run through the hole in the center.

GRAFTING WAX

For out-door use in top grafting fruit trees, etc. Often you have use for a small quantity of Grafting Wax and do not want the bother of mixing it. This will just fill the bill.

¼ lb. cake, postpaid 15c
½ lb. cake, postpaid 20c
1 lb. cake, postpaid 35c

BOX STRAPS

STEEL BOX STRAPS—One inch wide, 9 inches long, thin, soft steel, strong enough to hold the heaviest box. You can drive an ordinary nail through it without punching. About 2,800 pieces in 100 pounds. Less than 50 pounds, per lb., 6c; 50 pound boxes, per box, $2.60.

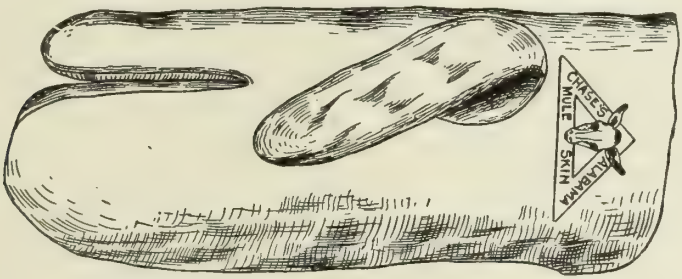
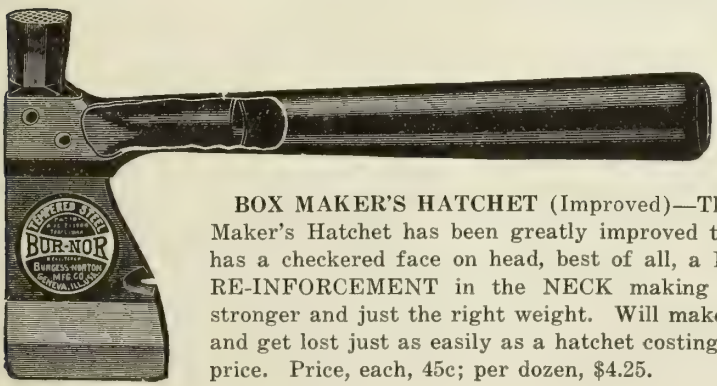
This is, we think, the best trowel made. Shank is solid steel. No rivets. Will last for years. 90 cents each, postpaid; 75 cents each with other goods, by freight or express.



ALABAMA MULÉ SKIN MITTENS—A leather mitten with separate sheath for forefinger, the other three fingers in one sheath. Made from mule skin, nearly as durable as buckskin, at one-fourth the cost. Single pair, by mail, 50 cents, postpaid; one dozen pairs, by freight or express, $5.75.



BOX MAKER'S HATCHET (Improved)—This all-metal Box Maker's Hatchet has been greatly improved this season; now has a checkered face on head, best of all, a HEAVY STEEL RE-INFORCEMENT in the NECK making it 50 per cent stronger and just the right weight. AUTOMATIC TACKING MACHINE

For fastening tags or cards to tree boxes, cars, etc. The slickest little labor saver in our packing house. No hunting for tacks, no finger pricks, fumbling for hammer or lost motion. Instead of round headed tacks this little machine automatically staples the tag or card in place. Guaranteed to work on any wood. DESIGNED BY ROBERT CHASE

These new machines are of the very latest type, extra heavy levers and springs, solid construction, heavily nickel plated. Guaranteed for three years. If for any reason a dial fails to work properly, send it to us to be put in order and returned without charge. The Chase Tree Counter is now used by most of the leading nurserymen.

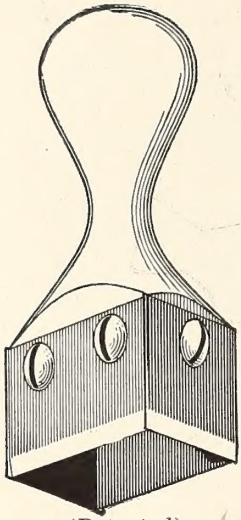
Five-dial machine with 1,000 record cards, delivered 16.00
Extra record cards, correct size, printed like cut, 65c for 500; per 1,000, postpaid 1.10

Accurate, quick, no guess work. Place in the hands of a good man, and as he passes down the row he presses the lever which indicates the grade of the tree. When through with a variety, the dials show the total number of each grade in the block—the only method of taking a correct grade count in the field. One thousand record cards furnished with each machine.

THE JONES PATCH BUDDER



(Patented)

Designed especially for budding Nut Trees or other subjects which cannot be propagated by ordinary methods. With this Budder, Pecans, Walnuts, Hickories, Chestnuts, Persimmons, etc., may be budded almost as easily and rapidly as the more common fruit trees are budded.

With careful work, one entirely inexperienced in propagation can get good results with this Budder right from the beginning and with some practice, can do rapid and very efficient work.

This little tool is now used by the U. S. Government; many Experimental Stations and by all the leading propagators of Nut Trees, both North and South. Made of aluminum, machined perfectly true and nicely finished. The blades are made from safety razor blade steel, but of heavier stock. With full directions for budding Nut Trees, handling the buds, preparing waxed muslin, etc.

Price, $1.50 each, prepaid.

SPHAGNUM MOSS

Bone dry, bright. Sphagnum Moss, put up in wire-bound bales, size 24x14x18 inches. Price per bale, F. O. B. here, $1.35.

If wanted wrapped in burlap to save waste in shipping, add 10c per bale.

Note—The average weight per bale is not guaranteed because this material loses in weight constantly, due to evaporation.

TERMS AND CONDITIONS—Continued

GRADES

We grade liberally by caliper and height. When both are specified, caliper measure governs, but we are careful to see that stock is uniform throughout. Our rule is: "WHEN IN DOUBT, PUT IN THE LOWER GRADE."

All stock is graded and bunched in our storage houses, where we have water in abundance. Stock is handled from field to these buildings under large tarpaulins and roots kept moist until boxed.

LIABILITY AND CLAIMS

We are not liable for injury to stock from frost, hail, fire, or other causes beyond our control, and book all orders with this understanding. While we use every means at our command to secure prompt delivery, WE ARE NOT LIABLE FOR DELAYS IN TRANSIT; OUR RESPONSIBILITY ENDS UPON DELIVERY IN GOOD ORDER TO RAILWAY COMPANY. Remedy for loss must lie between the buyer and the railway company, but we will gladly render all the aid we can. Any other claims must be made within ten days after arrival of goods.

GUARANTEE OF GENUINENESS

We give no warranty, express or implied, as to description, quality, productiveness, or any other matter of any nursery stock, seeds, bulbs or plants we sell.

SUBSTITUTION

We do not substitute unless instructed to do so, AND THEN LABEL TRUE TO NAME.

CODE WORDS—TELEGRAPHIC ORDERS

When more than one grade of fruit trees is listed, a code word is used. Much expense can be saved in telegraphic orders by using these code words in connection with Nurserymen's Telegraphic Code, a copy of which will be mailed upon request.

BOXING

Charges as low as possible for well-made boxes, paper-lined:

30x30-in. heads, 7 to 9 feet in length	$2.50
24x30-in. heads, 7 to 9 feet in length	2.25
24x24-in. heads, 7 to 9 feet in length	2.00

15x15-in. heads, 7 to 9 feet in length	1.00

No packing charge if loaded in bulk car.
